# Kenyan Art

Kenyan art is mainly made up of painting, carving, and sewing. The art of painting was brought into Kenya by European colonists, and has grown with new techniques into modern days. Today, paintings are made up of different shapes and patterns to make a picture. Another popular style of art is carving. Kenyans enjoy carving masks, shields, and household items. One more art is sewing. Sewing is very useful to the Kenyan people because they sew their clothes, blankets, and other household items.
